

Andrii Arkhipov

React Native Developer | Mobile Developer

React Native Developer with 3+ years of experience building mobile applications for iOS and Android. Strong experience in performance optimization, UI/UX improvements, and CI/CD automation.

Zhytomyr, Ukraine (GMT+2) • +380 63 347 46 58 • a.arkhipov.se@gmail.com • @andrey1391 • GitHub • LinkedIn

Professional Experience

React Native Developer

 KLR Bus | February 2024 - Present

Zhytomyr, Ukraine (Remote, Full-time)

- Implemented CI/CD pipeline using GitHub Actions & XCode Cloud, eliminating 100% of manual build and deployment steps
- Maintained 99.98% crash-free rate across 100,000+ active users through analytical approach to bug tracking and rapid fixes
- Optimized release workflow using Runway, reducing manual operations by ~90% and ensuring consistent release quality
- Contributed to a 4.5/5.0 App Store and Google Play rating through performance optimizations and UI/UX best-practice improvements
- Conducted 7 technical interviews and onboarded a Middle React Native Developer, boosting team productivity and delivery velocity

React Native Developer

 Spirings | March 2022 - October 2023

Zhytomyr, Ukraine (Remote, Full-time)

- Developed applications for US and German clients, improving maintainability through codebase refactoring and tech debt reduction
- Implemented integration layer for Smart Home app by reverse-engineering APIs and using secure tunnel connection to private network
- Improved UI/UX by reducing crash rate and improving app performance and stability
- Conducted 10+ technical interviews and helped to close a React Native developer position

Intern React Native Developer

 Beetroot | August 2021 - January 2022

Zhytomyr, Ukraine (Internship)

- Designed and developed Instagram-inspired mobile application, including UI/UX design, navigation structure and state management
- Implemented Firebase Auth for user authentication and Cloud Firestore for real-time data synchronization
- Integrated location-based features using Google Maps and Places API for photo sharing with geolocation, search and autocomplete
- Worked with native device features including location services, camera, photo gallery, local storage, and permission management

Front-End Developer

 Viseven | February 2021 - March 2022

Zhytomyr, Ukraine (Hybrid, Full-time)

- Developed 150+ pixel-perfect, production-ready HTML emails using Vue.js and table-based layouts for major pharmaceutical clients (Bayer, AbbVie, Abbott), ensuring consistent rendering across email clients (Outlook, Gmail, Apple Mail)
- Optimized email performance via code minification and asset compression, reducing load times and improving UX
- Maintained internal component library, resolved bugs, and implemented new templates

Education

Front-End Development, Advanced JavaScript/React – Beetroot Academy

2020-2021

Master's Degree, Telecommunications Technology and Devices – Zhytomyr State Technological University

2009-2014

Skills & Technologies

Development

JavaScript, TypeScript, React Native, Kotlin, Jetpack Compose, React.js, Vue.js, HTML5, CSS3

State Management

Redux (Toolkit, Saga), Zustand, React Query, RTK Query

Mobile & Infrastructure

CI/CD (GitHub Actions, XCode Cloud), Runway, Firebase, AppsFlyer, Push Notifications

Libraries & API

React Navigation, Reanimated, RN Vision Camera, RN Maps, Google Places API, Axios

Tools & Testing

Jest, Detox, Git, Figma, XCode, Android Studio

Languages

English - Intermediate-Upper Intermediate (B2, Speaking B1) • Ukrainian - Native (C2) • Russian - Native (C2)
